**Major/President
of the OC**

Davide Galimberti

Hosting the 2022 World Rowing Under 19 and Under 23 Championships is a great source of pride for Varese. After the pandemic that hit us, it is also an important new push to restart; an opportunity for our city, our territory and for the whole of Italy. We welcome athletes, fans, volunteers and all those who will make these days unforgettable. If Lake Varese is recognized throughout the world as an optimal environment for rowing, our every effort is aimed at making this year's competitions live up to this fame. It is time to look to the future. Together.

**Italian Rowing Federation
President FIC**

Giuseppe Abbagnale

After eight years, Varese is once again at the center of the under 23 world rowing, hosting the World Championships for the second time. A dream that has come true thanks to the great work that the Organizing Committee has developed over the years together with the Italian Rowing Federation and local authorities, always careful to the development of rowing in the Varese area. After the 2014 World Rowing Under 23 Championships, this event in 2022 will be a new opportunity to make our guests feel the warmth of Italian hospitality and let them enjoy the beauty of the place, the food and wine trails along the shores of the beautiful lake of Varese. I'm particularly grateful to the Organizing Committee for the commitment they have made to get the organization of the World Rowing Under 19 and Under 23 Championships. An event that must be a test bench to require, in the future, more prestigious World Rowing events to be awarded to Italy.

The Schiranna regatta venue is able to guarantee the technical standards required by World Rowing and can welcome the rowers from all over the world and guarantee fair competition conditions. Therefore I hope that all National Federations that will attend the 2022 World Rowing Under 19 and Under 23 Championships will feel that Lake Varese and its facilities are their home. In conclusion, I would like to thank all the volunteers of the Varese Rowing Club, an important organizational asset, which will do their best to ensure that the best possible logistics and hospitality. A special thanks goes to the Mayor of Varese, to the President of Regione Lombardia, and to all the organizations that are supporting the organization because without their contribution it would not have been possible to obtain and stage this important event, an authentic youth festival of World Rowing that will launch the Paris 2024 Olympic champions. Thanks to everyone and good regattas!

About Italy

Italy officially the Italian Republic, is a country consisting of a peninsula delimited by the Alps and surrounded by several islands.

Italy is located in south-central Europe, with 301.340 km² and around 60 million inhabitants, Italy is the third most populous member state of the European Union.

Due to its central geographic location in Southern Europe and the Mediterranean, Italy has historically been home to myriad peoples and cultures.

By the first century BC, the Roman Empire emerged as the dominant power in the Mediterranean Basin and became a leading cultural, political and religious centre during which Italy's law, technology, economy, art, and literature developed.

Today, Italy is considered to be one of the world's most culturally and economically advanced countries, with the world's eighth-largest economy.

The country has been a global centre of art, music, literature, philosophy, science and technology and fashion, and has greatly influenced and contributed to diverse fields including cinema, cuisine, sports, jurisprudence, banking and business.

As a reflection of its cultural wealth, Italy is home to the world's largest number of World Heritage Sites (55), and is the fifth most visited country.

Lombardy is one of the twenty administrative regions of Italy, in the northwest of the country, with an area of 23,844 km². About 10 million people live in Lombardy, forming more than one-sixth of Italy's population, and more than a fifth of Italy's GDP is produced in the region, making it the most populous, richest and most productive region in the country.

It is also one of the top regions in Europe for the same criteria. Milan's metropolitan area is the largest in Italy and the third most populated functional urban area in the EU.

Lombardy is also the Italian region with most UNESCO World Heritage Sites-Italy (along with China) having the highest number of World Heritage Sites in the world. The region is also famous for its historical figures such as Caravaggio, Claudio Monteverdi, Antonio Stradivari, Cesare Beccaria, Alessandro Volta, Alessandro Manzoni, and popes John XXIII and Paul VI.

About Lombardy

About Milan

Milan is a city in northern Italy, capital of Lombardy, and the second-most populous city in Italy after Rome.

The city proper has a population of about 1.4 million while its metropolitan city has 3.26 million inhabitants; also known as Greater Milan, is considered a leading alpha global city, with strengths in the fields of art, commerce, design, education, entertainment, fashion, finance, healthcare, media, services, research and tourism. Its business district hosts Italy's stock exchange, and the headquarters of national and international banks and companies.

The city has been recognized as one of the world's four fashion capitals thanks to several international events and fairs, including Milan Fashion Week and the Milan Furniture Fair, which are currently among the world's biggest in terms of revenue, visitors and growth.

Milan is the destination of 8 million overseas visitors every year, attracted by its museums and art galleries that include some of the most important collections in the world, including major works by Leonardo da Vinci.

The city is home to two of Europe's most successful football teams, A.C. Milan and F.C. Internazionale, and one of Europe's main basketball teams, Olimpia Milano. Milan will host the 2026 Winter Olympics together with Cortina d'Ampezzo.

Varese is a popular place to visit and equally ideal for business trips and holidays. Surrounded by glacial lakes and verdant countryside, Varese offers a seemingly infinite wealth of historic villas, enchanting gardens and evocative, breathtaking landscapes. Varese is just a short drive from Milan on the road to Switzerland.

Favourably positioned at the start of several alpine valleys and two major routes to the Simplon and Gotthard Passes, the city is easily accessible from many directions, even by air as Milan - Malpensa airport is only thirty minutes away. Varese first became renowned as a tourist destination back in the 17th century partly because of the glorious countryside and partly because of its spectacular architecture and stunning works of art.

During the 19th century Varese really came into its own and many Art Nouveau hotels and villas were built, which added to the city's unique, delightful appeal. By the beginning of the 20th century the city of Varese and the entire surrounding province had become the architectural, artistic, social and cultural heart of the Art Nouveau movement in Italy.

THE VENUE

Technical parameters of the regatta course:

INSURANCE

As per Rule 22 of the World Rowing Rules of Racing, it is the responsibility of each Member Federation to ensure that all official participants of the 2022 World Rowing Under 19 & Under 23 Championships including rowers and team officials has adequate medical and accident insurance, as well as insurance covering liability, property and equipment.

Any costs for medical care for any official participant that are for anything other than regular care, shall be covered by the respective member federation's medical policy. The Organizing Committee does not accept any responsibility for such costs.

EMERGENCY

In case of a medical emergency, immediately call the national emergency number 112.

VISA REQUIREMENTS

All the Schengen passport can enter Italy without VISA. For non - Schengen passports please contact LOC at [**varesecrowing@gmail.com**](mailto:varesecrowing@gmail.com) for more info at least 6 months before the regatta. Teams who require assistance to obtain visas for entry to Italy to attend the **2022 WRU19U23CH** must provide the following information for all team members including rowers, coaches, technical staff, etc... (excluding accompanying guests) to the Organizing Committee, specifying the embassy of the city where they will apply:

- Name
- Date of birth
- Passport number
- Passport expiry date
- Name and address of hotel where they will be staying
- Confirmation that travel, accommodation and medical insurance expenses will be at your own costs
- Arrival and departure dates

A request with all relevant information will be forwarded to the Italian NOC which will contact the Italian Embassy of your country. A barcode containing a protocol number will be issued when your documents have been successfully forwarded to the Embassy. On receipt of this barcode you will need to make an appointment with the Italian Embassy in your country and present the barcode and the passports of the concerned people. The visas will normally be issued approximately two weeks later.

Media accreditation will open in early 2022 and all media accreditation requests should be submitted through World Rowing through at

<http://www.worldrowing.com/mediacenter/>.

The media centre will be located directly at the venue, close to the finish tower and mixed zone. The media grandstand will be also available. In all media areas, media representative have fast, free WLAN connection (optional LAN for photographers).
