Rules of racing

Racing will be run in accordance with the [World Rowing Rules of Racing](#)

The new World Rowing Rules App is now available here: <https://rules.worldrowing.com/home>

Safety and health of the rowers

It is a priority for World Rowing to preserve the health and safety of the athletes and coaches. Please read the World Rowing Statutes, Rules of Racing and kindly acknowledge Appendix S10, Byelaw to article 57 of the rules.

Rowers may only compete at the European Under 23 Championships if they have submitted a [signed WR Commitment Form](#). Each team official must have submitted a commitment form before accreditation is issued.

Swimming ability

The ability to swim and stay afloat is essential for participants in water sports, such as rowing. The risk of tipping over or falling into the water in a rowboat can be dangerous if athletes are unable to stay afloat, and coaches need to be prepared.

Each rower taking part in the Development Programme shall ensure that they have a state of health and fitness which allows them to compete at a level commensurate with a world level event; and they have a basic swimming ability, including being able to swim 50 m and keep their head above water unassisted for three minutes.

Accordingly, prior to attending the 2026 ERU23CH, all national rowing federation officials need to verify athlete compliance with the safety and health of the rowers. Likewise, all rowers, unless they are athletes who are known to have already performed the capsized drill, must have completed the capsized drill with safe recovery.

Swim tests and capsized drills must be held in pools with at least two lifeguards present. World Rowing recommends that you contact your National Swimming Federation and ask for guidance, if necessary. Swim tests should never be conducted in open water. Each National Federation is required to certify the swimming ability for each rower submitted to participate in a World Rowing Development activity.

It is recommended that members of the federation carefully read the guidelines of the British Rowing Federation on swimming competitions found in section 3.6 of RowSafe, available [here](#).

Please note that all rowers must have completed a [pre-competition health screening](#) as per [the World Rowing Rule Book](#), by laws to Rule 14 – safety and health of rowers.

Safeguarding & Wellbeing

World Rowing believes that it is a fundamental right of all individuals involved with World Rowing to be able to participate in a non-violent, safe, and respectful environment.

World Rowing acknowledges its duty of care in this regard and is committed to creating and supporting an environment and a culture free from harassment and abuse. The welfare of all individuals involved with World Rowing is paramount.

All forms of harassment and abuse constitute a violation of the World Rowing Code of Ethics, World Rowing Safeguarding Policy, and the International Olympic Committee (IOC) Code of Ethics. Thus, all behaviours and actions that constitute harassment and abuse will not be tolerated.

All MFs participating at the 2026 ERU23CH, Kruszwica must ensure that their delegations (including officials, coaches, and athletes) respect and follow the World Rowing Safeguarding Policy. They should refrain from any behaviour that constitutes any form of discrimination, abuse, or harassment to others. They have a duty to report any concerns about or allegations of discrimination, abuse, or poor practice via proper reporting channels.

Violation of the World Rowing Safeguarding Policy and Code of Ethics can result in formal disciplinary sanctions.

You can learn more information about the World Rowing Safeguarding Policy and Procedures from the following link: [Safeguarding - World Rowing](#)

Insurance & Liability

The participants are responsible for insurance costs of equipment and persons. The Organising Committee declines all liabilities for all kinds of damage in the area of the regatta.

Participants are solely responsible for themselves, and the material used. The OC is not responsible for damages that may occur at the event.

Each MF shall ensure that it has adequate and appropriate insurance cover in place for each of its rowers and accompanying team officials (including delegates) for at least the duration of the event and the period of travel
