

Dear Presidents,  
Dear Delegates,

My term on the European Rowing Board is coming to an end after the statutory four-year mandate, and I am standing for re-election at the European Rowing General Assembly in Varese on 1 August 2026.

Our sport faces increasing and more complex challenges in a fast-changing and demanding geopolitical environment. As a result, resources are becoming harder to secure. Funding is especially critical, which is why a Development Office was established in an EU country to help obtain financial support for our member federations.

I was entrusted with leading the European Rowing Development Office project. The office has now opened in Hamburg, and the work is about to begin in earnest. This is one of the main reasons I wish to continue serving on the European Rowing Board. After 12 years on the board of SWISS ROWING and 4 years at European level, I remain committed to using my experience and energy to support and develop our sport across Europe.

I hope I can count on your support for my re-election to the European Rowing Board, so that I may continue contributing to our shared efforts to promote rowing across Europe.

Your sincerely
